

Part 1A

Subject: Pipe Fittings

Product: Weldless Mechanical Pipe Coupling (Part 1A)

Producer/Licence No.	Description of Product				Cert. No.
	Type	Details of Approval	Application	Remarks	
Lokring Technology LLC 38376 Apollo Parkway Willoughby, Ohio- 44094 USA	Series SS40 SS-3300 MAS-3000 CN-200 CN-700 CN-3300 MAS-3000-RCPL Lokring Tooling	Elastic Strain Preload (ESP), Mechanically attached tube and pipe couplings. 90/10 Copper-Nickel Size (inch): ¼ to 2 NPS Pressure (psi): < 290 Temperature (°F): -60 to 500 70/30 Copper-Nickel Size (inch): ½ to 2 NPS Pressure (psi): Refer to manufacturer's catalogue Temperature (°F): -60 to 500 Stainless Steel Size (inch): ¼ to 3 NPS ¼ to 2 OD Pressure (psi): Refer to manufacturer's catalogue Temperature (°F): -50 * to 800 Carbon Steel Size (inch): ¼ to 3 NPS Pressure (psi): Refer to manufacturer's catalogue Temperature (°F): -20 to 650 * For below -50 deg F applications for ASME B 31.1 and 31.3, impact testing as per code requirements to be complied with.	Marine, Offshore and Industrial use.	Expires: 13 May 2023 Refer to certificate 98/60070(E4) for conditions and Limitations	98/60070(E4)
